POTENTIAL HAZARDOUS WASTE SITE IDENTIFICATION

REGION

SITE NUMBER

3

WV-10019

NOTE: The initial identification of a potential site or incident should not be interpreted as a finding of illegal activity or confirmation that an actual health or environmental threat exists. All identified sites will be assessed under the EPA's Hazardous Waste Site Enforcement and Response System to determine if a hazardous waste problem actually exists.

A. SITE NAME

BASF WyANDOTTE Corp.

B. STREET (or other identifier)

24TH ST AND 5TH AVENUE

C. CITY

HUNTINGTON

D. STATE

W. VA.

E. ZIP CODE

25722

F. COUNTY NAME

Notification of Hazardous Waste Site

United States
Environmental Protection
Agency
Washington, DC 20460

This initial notification information is required by Section 103(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and must be mailed by June 9, 1981.

Please type or print in ink. If you need additional space, use separate sheets of paper. Indicate the letter of the item which applies.

810609 WVS-000 001 036

A Person Required to Notify:

Enter the name and address of the person or organization required to notify.

Name BASF Wyandotte Corporation
Street P. O. Box 181
City Parsippany State NJ Zip Code 07054

B Site Location:

Enter the common name (if known) and actual location of the site.

Name of Site BASF Wyandotte Corporation
Street 24th Street & 5th Avenue
City Huntington County Cabell State WV Zip Code 25722

C Person to Contact:

Enter the name, title (if applicable), and business telephone number of the person to contact regarding information submitted on this form.

Name (Last, First and Title) Kramer, W. E., Manager, Corporate Environmental Protection
Phone (201) 263-3400

D Dates of Waste Handling:

*(1908 to 1979 former ownership)

Enter the years that you estimate waste treatment, storage, or disposal began and ended at the site.

From (Year) 1979* To (Year) Present 1981

E Waste Type:

BASF Wyandotte Corporation purchased the site from Chemetron in 1979. The site was actually used by former owners since 1908.

At about the time of purchase by BASF, approximately between 100 and 1,000 gallons of toluene had been disposed of in an adjacent owned construction debris landfill. Due to its volatility, it is believed that most of the toluene evaporated. Furthermore, recent groundwater analyses at that site did not indicate the presence of toluene.

An RCRA hazardous waste drum storage permit has been applied for. Undoubtedly other site locations were utilized for drum storage in the past and consolidated under RCRA. Available records do not indicate any spills of consequence within the plant; it is, therefore, concluded that those former storage sites were environmentally sound, requiring no attention or Section 103(c) notification.

Notification of Hazardous Waste Site

Side Two

F Waste Quantity:

Place an X in the appropriate boxes to indicate the facility types found at the site.

In the "total facility waste amount" space give the estimated combined quantity (volume) of hazardous wastes at the site using cubic feet or gallons.

In the "total facility area" space, give the estimated area size which the facilities occupy using square feet or acres.

Facility Type

1. ☐ Piles
2. ☐ Land Treatment
3. ☒ Landfill
4. ☐ Tanks
5. ☐ Impoundment
6. ☐ Underground Injection
7. ☐ Drums, Above Ground
8. ☐ Drums, Below Ground
9. ☒ Other (Specify) See Section E

G Known, Suspected or Likely Releases to the Environment:

Place an X in the appropriate boxes to indicate any known, suspected, or likely releases of wastes to the environment.

☐ Known ☐ Suspected ☐ Likely ☐ NoneUnknown - Believed None

Note: Items H and I are optional. Completing these items will assist EPA and State and local governments in locating and assessing hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

H Sketch Map of Site Location: (Optional)

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.

I Description of Site: (Optional)

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

J Signature and Title:

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A). For other persons providing notification, the signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required to notify check "Other".
